AVOCATS A LA COUR

Queen Elizabeth II passed away

We wish to express our deepest and most sincere condolences to the Royal Family, the people of the United Kingdom, to our British friends, colleagues and clients.

Yesterday, on 8th of September, her Majesty, Queen Elizabeth II passed away at her estate in Balmoral, Scotland at the age of 96. She was the United Kingdom's longest-serving monarch, a graceful yet a firm and stable symbol of the British royalty. Her reign witnessed colossal challenges such as Britain's transition from empire to Commonwealth, the end of the Cold War, as well as entry and withdrawal from the European Union.

During her seven decades on the throne, Queen Elizabeth was an embodiment of hope and stability in the UK and the Commonwealth. She was a generous and beloved leader, who will be deeply missed, and whose relentless devotion to serving her people is an inspiration for leaders around the world.
